skip last 2 chain stitches, * thread over, insert hook in next stitch of chain, catch thread and pull thru, thread over and draw thru all 3 loops on hook at once. Repeat from * in each stitch on chain or in a stitch of preceding row. Chain 2 to begin a new row after turning work.

DOUBLE CROCHET (dc)—Make a chain desired length thread over insert hook in 4th chain from hook, catch thread and pull thru, (thread over and draw thru 2 loops) twice. * Thread over, insert hook in next stitch, catch thread and pull thru, (thread over and draw thru 2 loops) twice. Repeat from * to end of row. Ch 3 to turn.

BLOCKING DIRECTIONS

Bedspreads or other designs can be blocked after completion, or blocks can be pressed separately, then sewed together afterwards. For the latter method, cut a true cardboard pattern about an inch larger than block. Mark around this on tissue paper or muslin. Stretch and pin block right-side-down on this pattern on ironing board and steam thru a wet cloth with a hot iron, then press thru a dry cloth until perfectly dry. Where there are popcorn stitches or other raised stitches, pad ironing board with a turkish towel. If bedspread is blocked after completion, stretch and pin it down as a whole or in sections on a well padded flat surface. Be sure to pin out all picots, loops, scallops, etc., around outside edges. Steam and press in same way. When perfectly dry, remove pins.

Lily's Mercerized Pearl Cotton And Sil-Tone

Of course you want the very best of cotton threads in making things for your home, and for gifts—so be sure you use one of the famous L I L Y threads. It will

ART. 112

really be a joy to crochet with either of the threads specified in this booklet—PEARL COTTON or SIL-TONE. So strong—yet so smooth and easy to work with. USE LILY'S **VIKING CROCHET HOOKS.** Smooth shaped head and grooved hook. Available in all sizes.

Loop Stitch (lp st)—How To Make

Hold work between thumb and first finger, with thread passing over 1st and 2d fingers, lift 1st finger under thread, bend and bring finger forward and down under thread again, making a complete turn of thread around finger. Insert hook in next st, catch left-hand strand of thread above finger and pull thru, tightening thread loop around finger, thread over and pull thru 2 loops on hook for 1 sc to fasten loop st. Work tightly.

Crochet Stitches — Not Illustrated

TREBLE (tr)—Thread over twice and work off in twos as in dc.

DOUBLE TREBLE (dtr)—Thread over 3 times and work off in twos.

TRIPLE TREBLE (tr tr) Thread over 4 times and work off in twos.

LONG TREBLE (long tr)—Thread over specified number of times and work off in twos.

PICOT (p)—A Picot is made on a chain by working a sc in the specified st from hook, taking up 2 loops of ch st—the left-hand loop and the one back loop. A Picot is made following a sc, dc, tr, etc., by making the specified number of ch sts, then a sl st in side-top of st preceding chain.

PICOT-LOOP (p-loop)—This consists of a chain loop with one or more picots on it.

CLUSTER—This consists of 2 or more dc, tr, dtr, or tr tr gathered together at top into a tight group, as follows: Hold the last loop of each st on hook, then thread over and draw thru all loops on hook at once.

Stitches can be made thru either both loops of stitches of previous row or thru the back loops only. If not specified, take up both loops.

The term "fasten off" is used whenever the thread is to be cut 6 or 7 inches from the work, slipped thru the loop on hook, pulled tight, threaded to a sewing-needle and fastened securely on wrong side of work.

SKIP (sk).

After a piece of crochet is finished, stretch and pin it right-side-down on a padded ironing board and steam with a wet cloth and hot iron. Then press thru a dry cloth until thoroughly dry.

TO INCREASE IN CROCHET—Make 2 stitches in one. Always increase in 2nd stitch from edges.

TO DECREASE IN CROCHET—Before working off last loops, insert hook in next stitch and work off loops of both stitches together.
