ABBREVIATIONS AND TERMS USED IN KNITTING AND CROCHETING

ch—chain
 s c—single crochet
 h d c—half double crochet
 d c—double crochet
 tr—treble
 inc.—increase
 dec.—decrease

st—stitch
 tog—together
 y o—yarn over
 in.—inch
 ins.—inches
 k—knit
 p—purl

slip, k and pass—slip 1, k 1, pass the slipped st over the knitted st.

An Asterisk (*) indicates that the instructions immediately following are to be repeated the given number of times, in addition to the original. Thus "repeat from * 3 times" means to make 4 times in all.

The ** and † are used in the same way.

Even means that a row is to be worked without either increase or decrease.

Work means to continue in the stitch which has been described.

CROCHET *and* KNITTING STITCHES

SINGLE CROCHET

TO CAST ON

TO KNIT

TO PURL

WEAVING STOCKINETTE STITCH

Chain Stitch (ch)—Make a loop on hook, * wrap and draw yarn through the preceding loop, repeat from * the desired length. Each loop is called one chain st.

Single Crochet (s c)—Make a chain the length required, turn, insert the hook in 2nd ch from hook and draw yarn through it, wrap and draw yarn through both loops on hook, continue to work in this way in each ch to end of row.

2nd row—Ch 1, turn the work, * insert the hook in top of next st, taking up both threads, wrap and draw yarn through, having 2 loops on the hook, wrap and draw yarn through both loops on hook. Repeat from * across row.

To Cast On—Make a loop, leaving a long end and slip loop to a needle; with loose end, make a loop on left thumb; insert needle in this loop and with end attached to ball, k a st on the needle; tighten loose end with left hand.

To Knit (k)—Holding the needle containing the sts in the left hand, with the yarn back of the work, insert the right-hand needle into first loop and make a loop on right-hand needle, as for casting on, slip loop from left needle. The loops should be retained on the right-hand needle. Work each st in this way until no loop remains on the left-hand needle. When the row described above is repeated back and forth, any number of times, the work becomes alike on both sides and is called GARTER STITCH.

To Purl (p)—Hold as for plain knitting, but bring the yarn to front of the work. Insert the right-hand needle from right to left through the front of the next st, pass the yarn around the back of the right-hand needle, draw it over the needle and through the loop, backwards, and let the st slip off the left needle, just as in plain knitting. When purling comes after plain knitting in the same row, the yarn must be brought from back to front under the point of the right-hand needle, and it must be brought back again in the same manner before returning to plain knitting.

Weaving Stockinette Stitch—Thread a tapestry needle and bring pieces to be joined close together. Draw up yarn in first st on upper piece, inserting needle from wrong side; insert needle from right side in first st on lower piece and bring up through next st from wrong side—draw up yarn; * insert needle from right side in same st as before on upper piece and bring up through next st from wrong side—draw up yarn; insert needle from right side in same st as before on lower piece and bring up through next st—draw up yarn; repeat from * until all sts are joined, and fasten yarn well before breaking off.

To Block or Steam—Turn wrong side out. Lay flat on a pressing board. Pin edges if necessary to make it lie flat. Lay a wet cloth over it. Pass a hot iron lightly over the cloth allowing the steam to go through.
