ROYAL SOCIETY Ecru CORDICHET, No. 1.

Take a piece of cardboard 12 inches wide, wind cotton 5 times around. Cut open, this gives one strand of 5 threads, 24 inches long.

Beginning at left.

This strand is pulled through the edge of the material, first making a hole with stiletto, and pulling the strand through the hole thus made, with a heavy crochet needle.

Continue pulling the strands through material one inch apart.

Each strand is knotted once right under the edge of material.

Now work always with a half strand. Take half of the first, 2 of the second, 2 of the 3rd, and left half of 4th, as shown in Fig. 1. Take half of first and half 4th and knot them, after weaving in and out, as shown in Fig. II.

Continue knotting 2nd and 5th and so on. The last row of knots is formed as shown in Fig. III.

GENERAL DIRECTIONS FOR FILET CROCHET

For the beginner in Filet Crochet, it would be well to read the following directions carefully and practise with the working models shown before starting a piece of work.

The Filet Crochet is worked in "open" and "closed" meshes shown in the diagram in black and white squares, which are made entirely in chain and double crochet.

For the foundation ch. make 3 times as many chains as meshes shown in first row of diagram and add 1. Always ch. 5 to turn.

Open mesh: 1 d.c., ch. 2, sk. 2 chs., 1 d.c. into next ch. to close mesh. This forms a perfect square. In making rows of open meshes the d.c. is always made into d.c. of previous row.

Closed mesh: 1 d.c. into d.c., 2 d.c. into 2 chs., 1 d.c. into next d.c.

Figure 1. Working Model Showing Open Mesh.

To make a number of open meshes like Working Model Fig. 1, which has 10 open meshes, ch. 30, add 1 ch., ch. 5 more to turn, sk. 8 chs., 1 d.c. into 9th ch. (this forms the first open mesh), * ch. 2, sk. 2 chs., 1 d.c. into 3rd ch. (this forms the 2nd open m. Repeat from * until 10 open meshes are made. For 2nd row, turn, ch. 5, 1 d.c. into 2nd d.c. of preceding row, ch. 2, sk. 2, 1 d.c. into next d.c. and repeat.

Fig. 2. Working Model Showing Closed and Open Mesh.

Fig. 2 shows 1 row of open and 1 row of closed meshes and small design and is started with 7 closed meshes, ch. 21, ch. 3 more to turn, sk. 3 chs., 1 d.c. into each of the 21 chs. (The ch. 3 at beginning counts for first d.c.), turn, ch. 5, sk. 3 first d.c., 1 d.c. into fourth d.c., ch. 2, sk. 2, 1 d.c., continue across the last d.c. to be put into the last ch. of ch. 3, turn, ch. 3, sk. first d.c., * 1 d.c. into each of next 2 chs., 1 d.c. into next d.c. (this forms a closed m. at beginning of a row), ch. 2, sk. 2 chs. 1 d.c. into next d.c., ch. 2, sk. 2 chs., 4 d.c. into next 4 sts. (this forms a closed m. in the center of design), ch. 2, sk. 2 chs., 1 d.c. into next d.c., ch. 2, sk. 2 chs., 4 d.c. into next 4 sts., turn, ch. 5, sk. 3 d.c., 1 d.c. into next d.c., ch. 2, sk. 2 chs., 4 d.c. into next 4 sts. and continue.

Fig. 3. Working Model Showing Increasing and Diminishing of Open Mesh.

To increase one mesh at end of row, ch. 5, 1 d.c. into same ch. as last d.c., turn, 1 sl. st. into each of last 3 chs. made (these sl. sts. bring you up to top of 2nd row).

ROYAL SOCIETY TWO-PLY CROCHET COTTON

Is a thread of excellent quality, made in three sizes and the fast colors listed below. The fine quality of long staple cotton used in the manufacture gives a smooth, even finish and prevents roughing. Two-Ply Crochet Cotton is recommended especially for use in combination with wool, where its soft, silken lustre adds a great deal more charm and daintiness than is possible when working only with the old-fashioned worsted.

For instance, colored edgings on woolen baby jackets, etc., can be admirably executed with Royal Society Two-Fly Crochet Cotton, size 8, while boudoir slippers, baby carriage robes, afghans, bedspreads and the like work up beautifully with size 5. Heavier designs such as appliqued flowers on scarfs and pillows, Arabian crochet, large motifs for table mats, etc., give handsome effects worked with size 3.
